

2024 Biomanufacturing Livestream Training Courses

We are extending the walls of our **M Lab™ Collaboration Center** in Burlington, MA to provide you a series of no-fee hands-on courses streamed live from our lab to yours. Elevate your biomanufacturing expertise through our specialized training program, designed to optimize process efficiency and ensure GMP compliance. Our staff of seasoned instructors are real-world scientists and engineers who have successfully trained over 10,000 individuals and understand the daily challenges you encounter in the lab.

Join our scheduled livestream trainings by registering through either of the following methods:

1. Scan the QR codes below
2. Contact your account manager

Upon receiving your request, we will provide a calendar invite and registration confirmation. These courses are being offered free of charge, for your educational benefit.

No-fee PD and manufacturing courses!

M Lab™ Collaboration Center Burlington, MA

All our courses are streamed live from our state-of-the-art **M Lab™ Collaboration Center** in Burlington, MA, where we deliver knowledge using the latest technology, best practices, and regulatory updates as we comprehensively cover the entire biomanufacturing process from upstream to final fill.
