

## Consumables Supply Agreement

A scheduled shipment plan to ensure on-time replacement of consumables for your Milli-Q® water purification system.

It's critical to replace your water purification consumables on time and with genuine ISO 9001-certified parts. But how can you be sure to always have the right consumable at the right time?

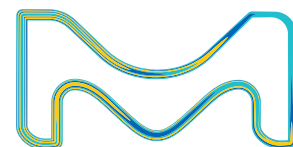

**Our Consumables Supply Agreement is the simplest, most economical and reliable solution to guarantee your water's quality:**

- Reduce administration by processing only a single order
- Never miss an expiry date: Receive consumables at your convenience *before* they are required by the system
- Get preferred pricing
- Maintain the flexibility to adjust shipments to your convenience
- Ensure your water purification system is equipped with only genuine parts from traceable lots, manufactured in our ISO 9001-certified facility

**Additionally, we propose a comprehensive range of Milli-Q® Services Plans, from a single preventive maintenance visit to all-inclusive system coverage:**

- Plans are designed to optimize system performance, extend lifetime, and ensure you remain compliant with relevant quality standards
- Always receive expert support from fully-trained and Milli-Q®-dedicated field service engineers
- Engineers handle consumable replacements as part of the preventive maintenance
